

Career Statement Instructions (limited to 2 pages)

The main objective of the IMPACT-AD Course is to grow the pipeline of AD/ADRD trial investigative teams and to provide the tools to interested individuals to enhance their skills and advance their careers in AD/ADRD research.

In this section of your IMPACT-AD application (in no more than 2 pages), please describe the value of this course to your career and the value you would bring to the field of AD/ADRD clinical trials.

- How will this course fit in your current career trajectory?
- What unique perspectives and diversity do you bring to the ADRD clinical trials field? Diversity means many things to the leadership of IMPACT-AD, including but not limited to demographic diversity, diversity of backgrounds and diversity of ideas.
